NATIONAL ARCHIVES MICROFILM PUBLICATIONS

INTRODUCTION

On the 225 rolls of this microfilm publication are reproduced the compiled records that give the military service histories of units in volunteer Union organizations. The compiled records are card abstracts containing information relating to the stations, movements, or activities of each unit or a part of it, and frequently to its organization or composition, strength and losses, and disbandment. Sometimes the names of commanding officers, the dates the unit was called into service and mustered out, the terms of service, and similar information are included.

The compilation of records of service by military units of volunteer Union organizations was undertaken simultaneously with the compilation of the service records of volunteer Union soldiers. The work was begun in 1890 under the direction of Capt. Fred C. Ainsworth, head of the Record and Pension Division of the War Department. The abstracts were made from original muster rolls and returns in the custody of the War Department and from rolls borrowed from the Second Auditor of the Treasury. The abstracts made from the original records were verified by a separate operation of comparison, and great care was taken to ensure that the abstracts were accurate.

Most of the compiled records reproduced on this microcopy are arranged alphabetically by State or Territory. The remainder are for units that were not limited to any one State or Territory; among them are the U.S. Colored Troops, U.S. Volunteers, and U.S. Veteran Reserve Corps. The records are further arranged by organizational breakdown under each unit.

Most of the compiled records for each organizational unit are in jacket-envelopes bearing the title "Record of Events" and giving the name of the unit. Many of the cards contain abstracts of the record-of-events information as found in original muster rolls and returns. Also included are some cards showing the exact captions of the muster-in and muster-out rolls that were copied and the certifications by the mustering officers verifying the accuracy of the rolls. The jacket-envelopes for a few units contain no documents but do contain references to other units with which these units were merged. In some instances the references concern transfers of documents.

Preceding the jacket-envelopes for the organizational units there sometimes are envelopes containing general notation cards giving information relating to the units. Some of the notations are statements of determinations made by the War Department concerning the service of the units; others contain information that was found in original records other than muster rolls and returns.

There are some card abstracts made from returns that are not in jacket-envelopes. These abstracts were accumulated by the War Department to be interfiled with the regular abstracts but were not interfiled, for one reason or another. The usual reason was that the abstracts made from returns were compiled later than those from muster rolls and in some cases the War Department failed to complete the filing of them. The National Archives has collected all the unjacketed abstracts that could be found for each unit and has filed them immediately after the jacket-envelope containing related abstracts for the unit. A card labeled "Additional Card Abstracts of Records" has been placed at the beginning of each set of unjacketed abstracts to distinguish them from the ones that are in jacket-envelopes.

The National Archives also has compiled service records of the volunteer Union soldiers who served in the units whose service histories are reproduced in this microcopy. They consist of a jacket-envelope for each soldier, labeled with his name, his rank, and the unit in which he served and typically containing (1) card abstracts of entries relating to the soldier as found not only in original muster rolls and returns but in other original records such as hospital rolls, descriptive books, and lists of deserters; and (2) the originals of any papers relating solely to the particular soldier. In a few instances there are compiled service records for volunteer Union soldiers who served in units for which there are neither record-of-events nor general notation cards; consequently, there is no record of such units in this microcopy. These units generally served only for short periods (about 1 to 3 months) or failed to achieve a complete organization. There are card indexes that may be used to locate the compiled service record of a volunteer Union soldier. Most of the indexes and some of the compiled service records of volunteer Union soldiers have been microfilmed.

The compiled records showing the service histories of units in volunteer Union organizations reproduced in this microcopy, the compiled service records of volunteer Union soldiers, and the indexes to the latter are part of Record Group 94, Records of The Adjutant General's Office.

Left Camp Porcoran,
Troy N.Y., Sept. 25 from
there went to New York
and were quartered in
the Park Barracks there
days; then went to Camp
Van Vechten, Staten Island,
which camp we left in
about three weeks, for
Washington, remained
over night and then
crossed the Potomac,
to Camp Abercrombie,
where we are now station-
ed. At Philadelphia
we were provided with
the vilest kind of cattle
cars, many of them without
seats, and at Baltimore,
in the rain, we slept on

all night on the moist
floor of a debilitated
depot. The men were in
good spirits, however, &
have remained there,
ever since, with a few
miserable exceptions.

This boyancy of feeling
may be considered the
more remarkable, from
the fact that they are
obliged to do fatigue duty
seven days in the week.

We appear or dress parade
now-a-days, with shovels,
jacks & spades, and the
men go through the man-
uel splendidly. On the
night of the 27th we were
ordered into the rifle pits.
This time the lads took
their muskets. We lay
there until broad morning
& returned home commend-
ably bloodthirsty, & very
tired. By the way, Mr.
War Department, how
can you not attach us to
the light artillery arm

RECORD OF EVENTS.

This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are approximately 20 lines visible. The paper appears to be from a notebook or a set of legal pads. The edges of the paper are slightly irregular, and there's a soft shadow on the right side, suggesting it's part of a bound volume.

RECORD OF EVENTS.

Since the last muster the Company has been in active service on the march and in the field performing all kinds of duty which soldiers are supposed capable of performing, they participated in the battle at Fort Bislin the first day as skirmishers, the second occupying their place in line of battle. After acting with the Regiment as Provost Guard at Franklin, they made forced marches to Berry's landing from whence they ascended as near as to a central and train to Breachers City and from there came by railroad and steamboat to this station (Fort Hudson), where they have been and are now performing the most arduous duty.

are called upon to perform.
In the ditches, on Pickets,
as sharpshooters, on Guard
which requires the utmost
vigilance, and self sacrificing
spirits, they were engaged
in the attack on Fort Hudson

On the 23^d marched a distance of eight miles through a swamp and arrived at Royal's plantation in the afternoon, raining heavily most of the time. On the 24th continued the march through the swamp, arriving at Levee's Ferry, at 10 o'clock a.m. distance twenty-two miles. The regiment lay upon their arms till 2 o'clock p.m. the 25th when they were called into line to resist an attack of the enemy, who occupied the opposite bank of the Mississippi River. The engagement resulted in the enemy withdrawing his forces. The object of the

and mustered into the U.S. service by Maj. J. P. Lefrancis Inf. U.S.A., as U.S. mustering officer. The muster of said commissioned officers took place on the 18th day of October 1862, from which day said officers commissions date. Four days subsequently the company & said officers entered the Albany, N.Y., Barracks and became subject to the orders of the War Dept at Washington.

The officers claim that the commencement of the first payment by time should date from the 18th day of October as on that day they assumed their official duties.

RECORD OF EVENTS.

On the 22nd of March the Regiment proceeded up the Mississippi River on board the Steamer Louisiana Bell, to Ex-Gov. Mannings Plantation where the Regiment disembarked and remained over night. On the 23rd the Regiment took up its march for the Arno River in connection with other portions of our Brigade. We reached Henry R. Doyles Plantation after a march of about six miles through the swamps. Stopped at Doyles over night and resumed the march on the 24th. On that day over 25 miles of swampy ground was passed over, and at 7 P.M. we were at Sciriques Ferry on the Arno River. The Regiment had not been there one hour before news of an attack in some of our troops had been made at McFalls Ferry, two miles

back. This Company received orders to march to McMill's Ferry and report to Capt Read of the Cavalry. This Company relieved Capt Read and held possession of the Ferry during the night. That portion of the Regiment which remained at Boiviques Ferry was attacked during the night by a party of Guerrillas on the opposite bank of the River. This Company was not in that action, and sustained no killed or wounded.

The Company retired from its position next morning in connection with the balance of the force by order of Col. Chiswell. It arrived at Bonnet Cove on March 29th bringing back all the men it started with.

was slightly wounded in the forehead.

We remained at Doyle's plantation
until 5 P.M. May 21st when we
took up the line of march for Port
Hudson and reached Port Hudson Plains
on the 22nd day of May. We then pitched
our camp and remained until the 27th
when we participated in a charge on the
rebel works in connection with the bal-
ance of our Corps. In that action this
Company had one man killed and but
one wounded Edward Kelly who has since
returned to duty. The forces remained near
Port Hudson since that duty, sharpening
and digging until the 14th of June when
we were again ordered to the front for a
charge. Again the Company escaped without
any loss in killed or wounded. From the 14th
of June to the day of assault we were daily
and nightly engaged in duties similar
to the above and even near (some 30th
day of month) in the trenches.
